Enfina Healthcare Solutions Implements Business Process Outsourcing Services, Software from DST Health Solutions

DST Health Solutions Provides Physician Services Company with Provider Enrollment, Coding, Billing, Revenue Cycle Management and Disaster Recovery

BIRMINGHAM, Ala., August 10, 2009—DST Health Solutions today announced that Enfina Healthcare Solutions has implemented its business process outsourcing services and advanced practice management software, MDr PracticeManager. Enfina provides management services to hospital-based physician practices.

DST Health Solutions provides Enfina with a comprehensive back office administration solution that includes provider enrollment, coding, billing, revenue cycle management and disaster recovery services. In addition, Enfina uses MDr PracticeManager to bill for hospitalist services on behalf of its clients.

“DST Health Solutions’ high-performance back office services provide a foundation for operational improvement and business growth,” said Nancy Dumas, executive director, Enfina Healthcare Solutions. “This foundation enables us to improve client service and administrative efficiency.”

“DST Health Solutions is pleased to support Enfina’s continued success with back office services that help to streamline revenue cycle management,” said Steve Sabino, president of DST Health Solutions. “Outsourcing these services allows organizations such as Enfina to focus on client service and business expansion.”

DST Health Solutions is a leading provider of physician practice management solutions. Primary expertise is centered on coding, billing and revenue cycle management. The company processes 35 million physician business transactions annually. Clients include physician networks, hospital-based physicians, hospital emergency departments, and management services organizations.
